

PROTEIN PLUS

EQUINE PERFORMANCE FEED

McMillan Protein Plus is a complete, oat free textured feed formulated specifically to meet the high nutritional demands of working horses. Steam flaked grains and high quality vegetable oil is included to provide highly digestible energy for all types of exercise. Contains balanced levels of vitamins and trace minerals and organic yeast for optimum digestion.

PROTEIN PLUS DELIVERS:

- High quality protein for optimum muscle health
- Balanced trace minerals including chromium for enhanced exercise tolerance and natural vitamin E for optimum recovery
- Organic yeast culture for improved gastrointestinal health

FEEDING GUIDE:

Protein Plus has been formulated to complement NZ forages and provide the correct balance of all essential nutrients when fed at the following levels daily:

BODY WEIGHT	400kg	500kg	600kg
Light Work	2-3kg	3-4kg	4-5kg
Moderate Work	3-4kg	4-5kg	5-6kg
Heavy Work	4-5kg	5-6kg	6-7kg

The above table is a guide only and the amount fed should be adjusted according to the horse's age, temperament, condition, bodyweight and workload.

When combined with forage, the above indicated amounts of Protein Plus will provide more than the minimum National Research Council (NRC) requirements for each essential nutrient.

QUALITY GUARANTEED

Our commitment to quality ensures that only the finest ingredients available are included in the McMillan range of equine feeds.

PROTEIN PLUS

EQUINE PERFORMANCE FEED

INGREDIENTS:

Steam-Flaked Barley, Steam-Flaked Maize, Steam-Flaked Peas, Flaxseed Flake, Canola Meal, Cold Pressed Canola Oil, Molasses, Vitamin and Mineral Pre-mix, Calcium Carbonate, Di Calcium Phosphate, Magnesium Oxide, Salts, Natural Vitamin E, Organic Yeast Culture.

IMPORTANT INFORMATION:

Always provide access to adequate forage such as pasture, hay and chaff to ensure optimum digestive physiology. At least 1.5% of the horse's body weight in forage should be provided daily.

Ensure no more than 2.5kgs concentrate per 500kg bodyweight is fed per meal.

Always allow free access to fresh, clean drinking water.

Store in a cool, dry place out of direct sunlight.

TYPICAL ANALYSIS (DRY MATTER)

Crude Protein	Fat	Fibre (max)	Salt	Energy (DE)
14.5%	5%	6%	1.25%	15MJ/kg

TYPICAL ANALYSIS (AS FED)

Crude Protein	Fat	Fibre (max)	Salt	Digestible Energy
13%	4.5%	5.5%	1%	13MJ/kg

NUTRIENT COMPOSITION

Nutrient	As Fed (Per kg)
Calcium	9g
Phosphorous	5g
Sodium	7g
Chloride	10g
Potassium	9g
Magnesium	3g
Iron	130mg
Zinc	125mg
Manganese	85mg
Copper	43mg
Cobalt	0.3mg
Sulfur	1.6g
Iodine	1.3mg
Chromium	1.0mg
Selenium	0.5mg
Vitamin A	10,000IU
Vitamin D3	1,000IU
Vitamin E	150IU
Vitamin K	6mg
Thiamine (Vit B1)	7mg
Riboflavin (Vit B2)	11mg
Niacin (Vit B3)	33mg
Pantothenic Acid (Vit B5)	13mg
Pyridoxine (Vit B6)	3mg
Biotin (Vit B7)	120ug
Folic Acid (Vit B9)	3mg
Vitamin B12	30ug

Manufactured by McMillan Equine Feeds

NOTE:

- Additional electrolytes may be required under heavy work regimes and/or hot and humid conditions.
- Variations in nutritional values may occur due to natural variability in feed ingredients. Our FeedSafe NZ certified sites have well developed quality systems to minimise any variation from typical levels shown.
- Digestible Energy (DE) value is calculated using an equation and is not an actual measured value and is only a guide for predicting the energy content of the feed.
